## **1.0 CLARIFICATION of BIDDER QUESTIONS**

Our Architect confirm that there is an error in the seating count for telescopic seats. The drawings clearly show that the CORRECT number of telescopic seats is 1248. Bidders are to use 1248 as the correct number for telescopic seats. Please clearly indicate the number of seats on the cost summary sheets along with any additional details.

Seat types B1, B2, B3 are bar stools and lounge chairs and are not to be included in your seating package.

### **Seat Fabric:**

If bidders base proposal includes a seat fabric other than the specified “Design Tex” fabric; you must clearly state the reasons for this substitution, and whether for an additional cost the specified fabric could be provided. Substitutions and alternates will be considered in bid evaluation and may require samples and additional details.
